13.2 THIRD STAGE - EVALUATION IN TERMS OF POINTS AWARDED FOR PRICE AND SPECIFIC GOALS.

Second Stage: Evaluation in terms of 80/20 preference point system as prescribed in the Preferential Procurement Regulations, 2022

- (a) The following formula must be used to calculate the points out of 80 for price in respect of an invitation for a quotation with a Rand value equal to or below R50 million, inclusive of all applicable taxes.

A maximum of 80 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where:

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender.

(b) Points awarded for specific goals:

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender.

In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of— an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

Any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system, then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 2: Specific goals for the tender and points claimed are indicated per the table below. (Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.

The points scored for price must be added to the points scored for specific goals to obtain the bidder's total points scored out of 100.

The specific goals allocated points in terms of this quotation	Number of points allocated (80/20 system)	Percentage ownership equity (To be completed by the service provider)	Number of points claimed (80/20 system) (To be completed by the service provider)
