## GENERAL INFORMATION

# FOREWORD BY THE MINISTER

**Mr. Mzwanele Nyhontso**  
Minister for Land Reform and  
Rural Development

Communal Property Associations (CPAs) are institutionally complex, and they hold and administer land rights of communities fractured by the history of dispossession, forced removals often with dispersed membership and deep-rooted community specific divisions. Communal Property Associations (CPAs) acquire, hold, and manage land on behalf of the beneficiaries of Land Reform (Restitution, Land Redistribution and Land Tenure reform) who are its members. Land ownership is a significant milestone in government efforts to return land to the people. "Land is the foundation of life, all spiritual, social, and economic development is accelerated by a concrete relationship between the people and the land. Ownership of land is a guarantee of wealth for generations. Most of the land was transferred to the newly established Communal Property Associations. The efforts to understand was undertaken by the Department in a form of consultative imbizos and meetings with the Executive Committee members of these institutions with an intent to comprehend their challenges and opportunities. The Department is fully aware of the challenges facing Communal Property Associations, and the proposed solutions will inform the development and review of policy governing these institutions. I however have a strong word for CPA members who refuse to comply with the act and their own constitutions and refuse to step down at the end of their term of office, rendering these institutions ungovernable since they have no respect for the members and the land they have been given.

At the core of every society's development there are enabling factors and land, as an asset in the hands of the dispossessed, is a catalyst for human development that can unlock the economic potential of the vast majority of our people. Millions of hectares of land have been and continue to be transferred to the landless masses through various programmes of land reform and substantial part of this land is held by communal property associations. We need to continue to tackle the challenges of governance and non-compliance facing these institutions and work towards providing the much-needed post settlement support to ensure the land transferred remains productive.

The Communal Property Association has massive ability to lift members out of poverty and unemployment if the land is managed properly. We will continue to put our efforts in catalysing the effectiveness of our CPAs through structured training, capacity building and information sharing between successful and struggling CPAs. We expect CPAs to productively use their land and take advantage of opportunities presented by the expansion of BRICS and the Africa Continental Free Trade Area. These opportunities present our CPAs with a chance to grow the country's export opportunities to foreign markets.

# STATEMENT BY DEPUTY MINISTER

**Mr. Chupu Stanley Mathabatha**  
Deputy Minister for Land Reform and  
Rural Development

The foundation of any enterprise, whether agricultural or not, is good management. Decades of landlessness have eroded necessary skills within our landless masses that lead to some challenges for our start-up landowners. CPA executive Committees have found themselves thrust onto the pedestal of an enticing opportunity to lead the previously landless to prosperity and alleviation of poverty. In most instances the expectations that are placed in the hands of new landowners are not matched by the success in running successful business operations.

It takes years of trial and error to succeed in any enterprise be it agriculture, tourism, or any other related field. It will take years of trial and error for our CPAs to find their footing. It is for this reason that I will be engaging with CPAs to jointly find quick-win solutions on how we can change the trajectory of failure and lay the foundation of success.

We will do this through fostering a culture of accountability in the management of the land that CPA executive Committees are tasked with managing. The results may not be instant but gradually we will turn the situation around. Those CPAs that are doing well will be

encouraged to continue their good work and to share their recipe for success with those that are struggling and to hold their hands.

Land reform presents a good opportunity to lift our people out of poverty and to create viable economic activities. As we give equitable access of land to people who were denied access to land, we will also build the necessary capacity to give them an opportunity to succeed as new landowners. Closer interaction and cooperation between our land reform beneficiaries and institutions that are active in the land reform sector will be encouraged. We are sparing no effort in ensuring the success of CPAs.

# OVERVIEW BY THE ACCOUNTING OFFICER

## **Mooketsa Ramasodi**

*Director-General: Department of Agriculture,  
Land Reform and Rural Development*

The CPA Act, 1996 (Act No. 28 of 1996) was promulgated to enable communities for juristic persons, to be known as Communal Property Associations, to acquire, hold and manage property on a basis agreed to by members of a community in terms of a written constitution.

In terms of Section 17 of the CPA Act, the Director General shall, in every calendar year, submit to the Minister a report concerning associations and provisional associations and the extent to which the objectives of this Act are being achieved and the Minister shall table the report in Parliament.

We are tasked with the responsibility to both support and oversee the performance of Communal Property Associations on the extent to which they comply with the Act and their reporting obligations to members and the Department.

Through consultative meetings and other interventions to CPAs, we have managed to understand the challenges facing these institutions and policy interventions are underway. The continuous non-

compliance with the provisions of the Act and conflicts and disputes amongst members remain a major challenge in most of the CPAs.

During the reporting period we implemented various interventions such as investment workshops and other workshops to share success stories with those CPAs that are doing well and furthermore, we have conducted governance and compliance training targeting old and newly elected executive Committee members. We still have enormous work to be done to ensure that we address the challenges that have been identified through policy to ensure sound governance and sustainable business models for CPAs.

# PART B

## National Executive Summary

# INTRODUCTION

*The CPA Act, 1996 (Act No. 28 of 1996) was promulgated to enable communities for juristic persons, to be known as Communal Property Associations, to acquire, hold and manage property on a basis agreed to by members of a community in terms of a written constitution.*

The Act applies to a Community:

- Whereby order of the Land Claims Court is entitled to restitution under the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994), where that court has ordered restitution on condition that an association be formed under the provisions of this Act in terms of Section 2(1);
- Entitled to or receiving property or other assistance from the State in terms of an agreement or terms of law on condition an association is formed in terms of Section 2(1);
- Approved by the Minister in terms of Subsection 2 and to which any property has been donated, sold, or otherwise disposed of by any other person on condition that an association be formed under the provisions of the Act. (Disadvantaged community & public interest); and
- Approved by the Minister in terms of subsection 2 and which is a group acquiring land or land rights and wish to form an association under the provisions of the Act.

In terms of Section 17 of the Communal Property Associations Act, (Act 28 of 1996), the Director-General is required, in each calendar year, to compile a report on the extent to which the objects of the Act are being achieved and the Minister is required to table such report in Parliament.

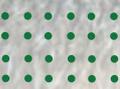

The preamble to the Act explains the object of the Act as enabling communities to acquire, hold and manage property in terms of rules contained in a written constitution. The preamble further emphasizes the desirability of disadvantaged communities being able to

establish appropriate legal entities, and the necessity to ensure that these institutions are managed in a manner that is non-discriminatory, equitable and democratic and that these institutions are accountable to their members.

Various provisions have been enacted within the provisions of the Act and prescribed in the regulations to achieve the abovementioned objectives. Communal Property Associations are required in terms of Regulations 8, 9 and 11 to hold at least one general meeting, compile annual financial statements, to report on land transactions and update membership every year and submit their annual report to the Director-General.

In the reporting period from April 2023 to March 2024 financial year, there were 8 new CPAs bringing the total to 1742 registered CPAs Nationally. During the 2022/23 reporting period 75% of the registered CPAs were non-compliant with the provisions of Section 11 and Regulation 8 of the Act even though some were functional during this period, 82% were non-complaint.

The purpose of the report is to report to Parliament on the activities that were undertaken by the Department in furtherance of its mandate in terms of Act 28 of 1996, and to indicate the status of CPAs with regard to them meeting their reporting obligations to the Director-General to enable the Department to assess the extent to which the object of the Act is being achieved. This report covers the activities of both the Communal Property Associations and the Department for the period 01 April 2023 to 31 March 2024.

# HIGHLIGHTS OF SUCCESSFUL CPAs

## EASTERN CAPE

### Gqogqorha CPA

This CPA in the Eastern Cape is compliant with the Act and regularly accounts to its members. Its executive committee members guide and support other CPAs on becoming compliant. They hold their general meetings annually and regularly update their membership list.

### Izinini CPA

This CPA in the Eastern Cape is running a successful forestry project. It even succeeded in generating income that enabled it to erect and furnish its own office.

### Nondonga CPA

This Eastern Cape CPA is running a successful farming enterprise. This project creates seasonal employment opportunities. It has also employed a full-time farm manager.

### Tsembeyi CPA

Also in the Eastern Cape, this CPA has entered into a partnership with Rural Agro-Industries Finance Initiative (RAFI) which is generating an income for the CPA while creating employment opportunities for the CPA members.

# HIGHLIGHTS OF SUCCESSFUL CPAs

## KWAZULU-NATAL

### Mathulini CPA

This KwaZulu-Natal CPA is engaged in sugarcane and Macadamia farming. It has overcome its challenges and differences amongst the members and the Traditional authority of Mathulini and the relationship between the Traditional Authority and the CPA is very sound. The farming operations that are taking place on the farm created 1 500 job opportunities for CPA members and the local community. Approximately 250 000 tons of sugarcane and 297 tons of macadamia are produced on the farm annually. There is a social responsibility program that provides various forms of support to the community and the CPA has since established its own offices with a managing director managing the business operations and operates with a separate board for the operating company.

### Five Star CPA

Is another CPA from KwaZulu-Natal that is engaged in timber farming. The CPA does declare dividends when they make a profit. They also provide members with food parcels. The CPA used its own resources to drill and equip a borehole.

## LIMPOPO

### Mulambwane CPA

Is CPA located in Limpopo. The CPA produces beans, maize and potatoes thus providing jobs to the local community. The CPA has generated money from rental of the farm by Merensky. The CPA got support from the Department which led to the construction of poultry structures, vegetable production on 3.8 ha area and the creation of 26 jobs (13 males and 13 females), which includes a disabled individual. With the profits, the CPA has managed to donate food parcels to 14 families, donate a photocopying machine to a local school, erect new offices for the CPA, buy furniture and erect a guard room. The CPA has further installed fencing for grazing camps and assisted an orphaned boy to get a driver's license as part of their skills development program. There are 15 CPA members who are trained as game monitors; 6 are currently being trained as professional hunters and 15 members are employed on the farm wherein the property is leased.

# CURRENT CPA CHALLENGES

*CPA challenges vary from CPA to CPA which are mostly on issues of non-compliance with the CPA Act, non-adherence with their constitutions, illiterate elderly members, inappropriate administration by the executive committee, membership update, internal conflicts, poor financial management/reporting, land invasions, invalid committee mandates, individual farming interests, CPA land used for human settlement, and CPA members selling their membership/shares without adhering to their constitutions. Moreover some challenges emanate from community dynamics.*

## Lack of interest

Most members voluntarily left the CPAs and are no longer interested in being part of the CPA, however they refuse to submit resignation letters or affidavits attesting to their resignation. This reluctance makes it difficult for the CPA to reach a quorum when they wish to hold their general meetings. As a result, membership registers are not updated as they cannot be adopted and this results in non-compliance. Some of the elderly people refuse to nominate their family members/children to be household representatives or/and to nominate in proxy to represent them in a meeting. These challenges then impede the office in ensuring compliance of the CPAs.

- Members of CPAs lose interest and fail to participate in the activities of the CPA including its operations. Consequently there is no farming activity on the land as members prefer individual farming within the CPA land which negatively affects the compliance status of a CPA leading to non-productive land use, similar to land acquired for settlement purposes. These CPAs are not interested in the regularisation process as they utilise the farm for dwelling only.

## Governance and Administration

Many Communal property remain non-compliant for various reasons emanating from internal disputes arising from incorrect and/or incomplete verification list, disputes among family members, part settlement of land claims, untraceable members, operating businesses within CPA land, land invasions, illegal land transactions and overlapping land rights (farm dwellers and land claimants).

## Leadership and Governance

The land transactions that are entered into by CPA executive committees as contemplated in section 12 of the CPA Act; The committees enter into illegal transactions which are detrimental to the well-being of the CPA without the consent of the members e.g. bank loans using CPA land as a collateral.

## CPAs versus Traditional leadership

Where CPAs exist within jurisdictions of traditional authorities there are frequent conflict and power struggles between the CPAs and the traditional authorities. Poor working relations between these parties are often further strained by the CPA committee's reluctance to collaborate with the Traditional Council. This division creates tension among the CPA member and the concerned groups.

## Business Model

Lack of a business model and partnership models within CPAs that separates from the land holding entity with beneficiation mechanisms for the benefit of all land rights holders or beneficiaries of the project, all operating companies or business entities shall be governed by the company's Act.

Mbalane	01/0371/A	Redistribution	391	The CPA wanted to dispose of/donate a piece of land for the school, but a proper subdivision was not done so the entire farm was mistakenly transferred to Lembethe Primary school.	We have noted the matter, and we are engaging with the department of Education under uMzinyathi District.

**TABLE 4: CPAs that have managed their land contrary to their Constitutions.**

CPA Name	Reg No.	Programme	Members	How is the Exco Contravening the Constitution	CPA Internal Intervention and/or Departmental Intervention
Vuk'uzenzele	08/1081/A	Redistribution	29	The CPA members are divided into two groups. Each group has concluded verbal agreements with third parties who are utilizing the farm without following the provisions of s12 of the Communal Property Act 28 of 1996. The proceeds of the verbal agreements are shared among the members of each individual group.	The Department to assist the CPA to subdivide the land so that each group can own its side of the farm.
Entokozweni	21/1721/A	Redistribution	42	Some CPA members recruit people outside the CPA to harvest timber on the CPA land for financial gain. The money accrued from the sold trees not shared among the rest of the CPA members.	The Department to capacitate the members on the conclusion of formal contracts that will benefit all the CPA members.
Ezakhiweni	02/0409/A	Redistribution	233	Since the CPA was registered, there was never any meeting or change of Committee members.	The CPA was established to manage land to be acquired through PLAS from Ingonyama Trust for residential and agricultural purpose. Currently the land still belongs to Ingonyama Trust.
Inyeza	06/0870/A	Redistribution	106	The Exco is not inviting all members to the meetings. There are members who were removed from the Committee without following the CPA constitution.	The CPA members have requested meetings to try and resolve the disputes however the Committee does not respond to the requests. The department has requested meetings to intervene on the matters regarding CPA meetings. The CPA Committee would insist that the meetings were held with CPA members, at times the Committee would request that the department gives a chance for CPA to resolve its issues as a CPA.
Ekuphumuleni	02/0382/A	Redistribution	Unknown	The CPA executive was last amended during registration of the CPA. Majority of the CPA executive members are deceased, and the CPA has not formally elected new ones. The current existing chairperson is refusing to hold meetings and update community in terms of the CPA operations.	The members of the CPA have requested meetings with the chairperson to try and make the CPA functional, failure to attend the CPA members opted to elect their Committee that will make sure that the CPA is functional. The department assisted the CPA by vetting documents and discovered that the process of election was not followed. The Department provided training on how to update beneficiary list, how to conduct elections to try and assist the members.
Gorge	02/0391/A	Redistribution	Unknown	The CPA elected Committee members of the CPA are not following the constitution in terms of membership. The Committee amended membership list without formally adopting it in a meeting, thus allowing individuals to vote as individuals and not households.	The department provided training to the Committee on good governance and compliance. The department has also held meetings with the CPA to try and make sure that CPA complies with the act and is aligned with the constitution.
Ezitendeni	02/0474/A	Redistribution	35	The members of the CPA are being discriminated by local traditional authority surrounding the area because the CPA does not own land. The CPA members are facing a lot of land invasions, and the surrounding communities have information that the land is owned by the State and are now using it to their advantage. Another challenge is that the CPA Committee has been attacked by hitmen whereby the chairperson and her deputy were assassinated for refusing to allow people to harvest their timber. The hitmen were at one point surrounding the portion where timber is planted, and the CPA members could not access the farm or even harvest the timber which resulted to a loss in the CPA.	The CPA members have tried to approach the local police to assist with the land invasions and the hitmen is on the farm. The police and local court could not assist because the CPA members do not own the land and the CPA cannot be regularized due to high number of invaders and infighting.
MKhunya	02/0476/A	Redistribution	Unknown	The CPA does not own land and there's a lot of fighting within CPA and izinduna in the area.	The Department has recommended to dispose the property to CPA.
Mnyanyabuzi	02/0469/A	Redistribution	Unknown	The CPA was registered on state land and the CPA does not own land.	The Department has recommended to dispose the property to CPA.
Mnyeneneni	02/0468/A	Redistribution	Unknown	The CPA was registered for Labour Tenants after having reached agreement with the landowners. However, before transferring the farm, the landowner/ executors of the estate for landowner had dispute which led to the cancellation of the sale. The CPA remained registered for the labour tenants however the farm was never acquired.	The Department resumed negotiations with the executors of the estate to finalize the sale and allow CPA to own the land.

CPA Name	Reg No.	Programme	Members	How is the Exco Contravening the Constitution	CPA Internal Intervention and/or Departmental Intervention
Bholeni	02/0473/A	Redistribution	Unknown	The CPA members are currently fighting each other regarding membership of the CPA, electing new Committee members. The CPA had several people moving into the property who are now demanding to be members of the CPA. These new people have caused conflict among members as some are in support of them being adopted in the CPA membership list and others feel they are unfairly discriminated against.	The Department has recommended to dispose the property to CPA.
Thapashiya	02/0475/A	Redistribution	Unknown	The CPA does not own land.	The Department has recommended to dispose the property to CPA.
Amanzi Amhlophe	03/0630/A	Redistribution	57	They do not hold AGM, do not adhere to the term of office, fail to form a quorum and attendance is extremely poor as other beneficiaries are working far from home.	The CPA Committee was assisted with the updating of beneficiary list and guided on how to arrange AGM for good attendance.
Driekwaart	01/0342/A	Redistribution	379	Most beneficiaries are deceased, unknown and untraceable. Difficulties in forming quorum, term of office expired long time ago, Exco members were not replaced when deceased.	The CPA Committee was assisted with updating of the beneficiary list and confirmation of the updated beneficiary list.
Emhlangeni	19/1597/A	Redistribution	864	Exco members do not want to call a meeting to report on progress, finance, and other development; Exco members taking decisions on behalf of the community.	The Department has assisted with facilitation of community meeting and advising on how things are supposed to be done as per constitution and CPA Act.
Emhlaneni	05/0798/A	Redistribution	16	Some beneficiaries want to remove other initial beneficiaries because of their differences, and are using constructive eviction to remove them from the property.	Termination submission must be made in terms of their constitution and CPA Act.
Hlanganani	06/0910/A	Redistribution	185	The initial Exco members (elders) gave consent to an individual to freely graze more than 200 cattle on their farm without consulting beneficiaries. The individual does not want to pay a certain amount for grazing and is also not willing to remove his livestock from the property.	The CPA was advised make proper lease agreement with stipulated time frame with the individual and not to include him on the beneficiary list because he is not a beneficiary.
Mgobhozi CPA	05/0799/A	Redistribution	500	The Exco members hardly call for an AGM, the term of office has expired; beneficiaries are not equally benefiting because those next to timber plantation do not want to share their harvest with all beneficiaries. Instead, they do it for themselves.	The office called for a meeting to explain that everyone should equally benefit from the CPA one way or the other. They were advised to open a CPA bank account for easy management of CPA finances.
Zakheleni	19/1592/A	Redistribution	32	Some of the elders (labour tenants) do not want to be led by Exco members; they claim that they are the ones who worked the land, so they do not always believe in democracy or majority.	The Department organized a meeting with the CPA beneficiaries explaining how they should do a resolution where the majority of beneficiaries are present for the benefit of everyone.
Thuthukani	00/0226/A	Redistribution	138	The other member allocated a plot of land the designated for grazing to herself without following the CPA constitution.	CPA Committee members arranged a meeting to remind her what the CPA constitution stipulates about the allocation of land for residential and she refused to attend the meeting, and the matter was then escalated to the Department. The Department intervened by arranging a meeting of the current Committee members and the community members. The Committee member that was causing trouble on the farm was trained together with the community members about the importance of adhering to the CPA constitution.

**TABLE 5: CPAs that have an element of discrimination, inequity, no democracy and/or the Exco is not accountable to their members.**

CPA Name	Reg No.	Programme	Members	Challenges	CPA Internal Intervention and/or Departmental Intervention
Siyathuthuka	04/0701/A	Redistribution	100	Some of the CPA members convened elections meeting to the exclusion of others and vote for new Committee contrary to the provisions of the CPA Constitution.	The Department to train the CPA members on the principles of governance and with the process of regularization.
Zenzeleni Madlanga	04/0667/A	Redistribution	31	The term of office of the initial Committee has expired. The CPA conducted an elections meeting wherein a new Committee was elected without following the prescribed procedures as laid out in the CPA Constitution. The report of the elections was not submitted to the Registration Officer's office.	The CPA to be assisted with the process of regularization.

CPA Name	Reg No.	Programme	Members	Challenges	CPA Internal Intervention and/or Departmental Intervention
Bambanani	08/1136/A	Redistribution	29	The Committee fails to call and convene general and annual general meetings. The Committee does not report to the members on the activities taking place on the farm.	CPA to be regularized and the Department will assist with the process. Training will be provided on the rules of compliance.
Inkululeko	03/0624/A	Redistribution	10	The Committee does not call meetings and fails to report on the activities taking place on the CPA land.	The CPA members approached the Committee for arrangement of general meeting, but they failed. The members referred the matter to the Department. The Department to intervene with the object to regularize the CPA through invoking the provisions of the CPA Act.
Gumede	06/0895/A	Redistribution	7	The CPA consist of one family. They cannot separate family issues from the CPA. They attack each other up to a point where some members were arrested.	CPA members have taken each other to the courts and have restraining orders against each other. The officials met with the Gumede family and recommended for the dissolution of the CPA and a registration of an appropriate family legal entity. This is an ongoing conversation as there are costs implications for land transfer.
KwaGengeshe	00/0230/A	Redistribution	93	The CPA Committee has removed some members from the list and replaced them with other people without an agreement and/or resolution. This has resulted in members not receiving dividends, their dividends are given to other people. The chairperson is taking decisions without consulting other Committee members and CPA members.	The department has met with the CPA Committee as well as the aggrieved members with the purpose of agreeing to a process for the updating of the list of beneficiaries.
Emhlaneni	05/0798/A	Redistribution	16	There is a family that wants to exclude another family that appears on the initial beneficiary list. They are in conflict and they now want to remove the other family from the beneficiary list. The family that excluded the other family mentioned that the family originates from a certain ethnic group.	The department presented the original beneficiary list to all the families and mentioned to the all the families that there is no single person who has a right to remove anyone from the beneficiary list beside the approval of the DG. The other family used constructive eviction to abuse the other family, removing fence and minimizing rights on the farm.
Kwangwenya-Skosana	13/1367/A	Restitution	222	There area few individuals from the CPA community who are illegally allocating sites without community concern for their own benefits. They are allocating people on sites allocated to other people.	The CPA executive members called a community meeting and invited the district office to assist in resolving the internal conflicts by interpreting the constitution and following procedure on decision-making process. It was emphasized in the meeting that there should no longer be allocation of sites without community resolution.
Sitholinhlani	98/0103/A	Redistribution	52	The CPA is divided into three sections; two sections have timber and ne is mountainous with few grazing lands. The section where there is timber does not share profit with all beneficiaries but only share with few individuals within the section.	The CPA Executive Committee called a community meeting explaining how they should share and manage resources belonging to the CPA. Other beneficiaries did not believe what was said by the Committee, so the district office is resolving conflict and advising on how a CPA should function and what is expected of them.
Felokhwakhe Hlatshwayo	02/0447/A	Redistribution	11	The CPA consist of one family; only one member (the chairperson) who resides on the farm and the rest of the members reside in different cities. The farm is sustainable as the chairperson is the only person who is utilizing the farm as he currently planting 38 ha of soya beans, has his own production inputs and farm equipment and used to share the profit with other members until they reached a verbal agreement that the chairperson will buy them out with the amount of R54 000 per member. Later the members wanted more and they took the chairperson to court. The court found in favour of the chairperson. They are not on speaking terms and there are no meetings.	The Department tried to intervene by arranging a meeting with the members, but they never come to attend the meetings.

Muananzhele	06/0931/A	Restitution	N/A	There are two concerned groups which were fighting with the executive Committee. There was conflict regarding membership update. Executive Committee term of office lapsed long ago.	The panelist compiled fact-finding reports and presented them to the CPA on the 25/05/2024. The concerned groups have reconciled with the executive Committee. There is a plan to assist them with membership update, adoption of membership list and elections.
Songozwi	07/1017/A	Restitution	553	The term of office had long lapsed and the CPA executive continues to conduct business without consulting the CPA members.	Department has referred the CPA to LRMF which assist with regularization of the CPA.
Tshivhula	09/1187/A	Restitution	198	The term of office has lapsed. There is no accountability to the members. There are three lodges on three properties which are in operation. There are properties in which the chairperson is denying access to the members of the CPA. The chairperson and the treasurer control the funds. The Chairperson removed some signatories without their knowledge. There are no meetings taking place or AGM since the Chairperson refused funds.	The Department engaged the chairperson several times without success. The matter has been referred for the appointment of the panelist.
Mamphondo Mushasha Begwa	05/0786/A	Restitution	130	The CPA members assaulted executive Committee members during meetings. Term of office for executive has long lapsed. The assets of the CPA have been vandalized and many cases have been opened in the Makhado SAPS.	The Department compiled a memo for referral of the CPA.
Machethe	09/1213/A	Restitution	102	There is a lot of conflict; The officials were threatened when facilitating the elections. The CPA themselves took their matter to court for adjudication.	The department is waiting for the court to adjudicate the matter before continuing support the CPA.
Moletete	06/0877/A	Restitution	4 100	The previous CPA Committee entered a straight long-term lease without approval by the members on one of their farms which was under strategic partnership arrangement without approval of other members.	The Department and the newly elected Committee will be working towards reviewing these irregular arrangements.
Makhutswe	04/0751/A	Restitution	895	The CPA is non-compliant in all aspect of their CPA Constitution and the CPA Act, albeit they have entered into various land use agreements on their restored land. The arrangements involve high commercial value agriculture operations with some of those operating on the farms having off-take agreements with markets like Pick 'n Pay and Woolworths.	The Department, as part of its compliance and regularization support, will assist the CPA in reviewing and regulating all land transactions to ensure compliance with the CPA Constitution and CPA Act.
Banareng Ba Letsoalo Mathunyeng	12/1324/A	Restitution	155	The CPA is dysfunctional, non-compliant, has internal conflicts and no control on land use. No formal land use transaction.	The CPA should be referred to LRMF.

CPA Name	Reg No.	Programme	Members	How is the Exco Contravening the Constitution	CPA Internal Intervention and/or Departmental Intervention
Morebene	04/0748/A	Restitution	1 337	Morebene CPA has been infested with conflict since the election of the new Committee. The previous Committee refused to hand over the report to the newly elected Committee. In 2023 a LRMF panelist facilitated an AGM election for the CPA however, due to the conflicts, the election meeting collapsed and a task team was nominated. The task team held unconstitutional elections even though there was a facilitated process agreed to by CPA members. Currently the mediator is busy with membership update since many concerned members were claiming they were left out of the verification process. Morebene will hold their AGM elections before the end of June 2024 according to the implementation plan of the mediator. The task team is not cooperating with mediation process.	Intervention narrative missing.

**TABLE 5: CPAs that have an element of discrimination, inequity, no democracy and/or the Exco is not accountable to their members.**

CPA Name	Reg No.	Programme	Members	Challenges	CPA Internal Intervention and/or Departmental Intervention
Mavungeni	01/0323	Restitution	200	The Tribal authority go to the extent of selling stands on the CPA land. The Tribal authority claim that CPA members do not have land.	Interventions in meetings and education did not bear fruit until the CPA took legal action against the Tribal authority.
Maemu Ramabulana	08/1085/A	Restitution	48	There is unmistakable evidence of discriminatory activities between the tribes: Those in the majority see the CPA as theirs and those in the minority are trying to build numbers by recruiting people who do not qualify to be members of the CPA.	Several meetings took place with both the CPA executive and the concerned groups wherein agreement was reached that the executive Committee will conduct membership update on the 6 April 2024; however the exercise could not be performed due to threats from the concerned groups. A new concerned group of elderly emerged and requested the department to mediate between them and the executive. The department met with the executive to plan on how the membership update could unfold in preparation for the elections.

**TABLE 2: List of CPAs that have acquired land in the financial year 2023/24.**

CPA Name	Reg No.	Programme	Members/Beneficiaries	Extend of Land that was Acquired	How was Land Acquired
N/A	N/A				

No CPA that has acquired land in the financial year.

**TABLE 3: CPAs that have lost/sold land.**

CPA Name	Reg No.	Programme	Members	Reasons for Sale of Land	Departmental Intervention
Zamani	98/0137/A	Redistribution	120	The CPA members sold the land in 2017. A community resolution was taken to sell the farm to private owners. The beneficiaries were no longer interested in the farm as the farm was not making any profit. The best way was to sell the farm and share the profit among the 120 families.	The department did not object to the selling of the farm.

**TABLE 4: CPAs that have managed their land contrary to their Constitutions.**

CPA Name	Reg No.	Programme	Members	How is the Exco Contravening the Constitution	CPA Internal Intervention and/or Departmental Intervention
Bunye Betfu	10/1249/A	Restitution	90	Part of the CPA land has been sold to private ownership. The Exco is no longer convening annual general meetings and providing reports on the CPA affairs.	The CPA was served with a non-compliance letter to comply but still failed.
Endlovini	07/1064/A	Restitution	1 000	The CPA land has been leased out by the former chairperson, but the entire community is not benefitting from the rent.	The CPA was served with a non-compliance letter to comply but still failed.
Sitama imphilo	98/0054/A	Redistribution	100	The CPA land has been sold to private ownership. The Exco is no longer convening annual general meetings and providing reports on the CPA affairs.	The CPA was served with a non-compliance letter to comply but still failed.
Chilwane	02/0446/A	Redistribution	12	The CPA land has been sold to private ownership. The Exco is no longer convening annual general meetings and providing reports on the CPA affairs.	The CPA was served with a non-compliance letter to comply but still failed.
Injaka Waterval	13/1360/A	Restitution	860	There is a forestry plantation in the area that is being looted by people known only to a few members of the executive.	Compliance letters were sent to Exco including a checklist of required documents. The department together with aggrieved CPA members have planned to call a community meeting.
Mpakeni mlegeni	12/1329/A	Restitution	288	The membership list has been altered from reflecting individuals from gazette farms to including only those from restored farms. This was done contrary to the regulations since the DG was never requested to grant the approval.	The appointed mediator has recommended that there must be a reverification of the membership list.
Magedvula Manzimhlope	14/1382/A	Restitution	149	Other members are alleging that the Exco is not allowing them to use the land whereas they are lessees who are leasing land without them being consulted as members.	Meeting has been held with the Department and labour tenants and farm dwellers.

**TABLE 5: CPAs that have an element of discrimination, inequity, no democracy and/or the Exco is not accountable to their members.**

CPA Name	Reg No.	Programme	Members	Challenges	CPA Internal Intervention and/or Departmental Intervention
Mbuyane	00/0258/A	Redistribution	2 776	A member of the former Exco, who is now calling himself the acting chairperson, has instituted a legal battle against members of the subCommittee who organized the holding of an elective AGM.	The Department assisted the CPA to hold elective AGMs, but they were confronted with objections and ultimately it would be placed under administration.
Shishila	08/1106/A	Redistribution	1 501	The Exco is not calling annual general meetings. Some members of the Exco are no longer interested in the affairs of the CPA.	Attempts by the Department to organize for an elective AGM was not successful because the Exco members fail to attend meetings.
Sitama imphilo	98/0054/A	Redistribution	100	There are allegations that the former CPA members have sold the CPA land. The implicated members do not want to engage with the Department regarding the illegal sale of the CPA property.	Numerous meetings were held with the members of the CPA, and they indicated that some members of the former Exco are implicated in the sale of the CPA property to private ownership.
Mathebula	03/0618/A	Redistribution	37	The Exco is not convening AGMs. Some of the members are no longer interested in the affairs of the CPA.	A compliance letter was sent to the Exco to comply and convene an elective AGM, but they failed because most of them have lost interest.
Endlovini	07/1064/A	Restitution	1 000	The former Exco has leased a portion of the farm and only the chairperson received benefits from the lease. All the beneficiaries did not benefit.	The Department held numerous meetings with the former Exco and concerned members of the CPA. There is a dispute regarding the beneficiary list.
Phumulani	01/0302/A	Redistribution	440	The Exco is no longer convening annual general meetings and they are not reporting to the beneficiaries.	The Department attempted to assist the CPA to hold an elective AGM but there was a dispute regarding the beneficiary list.
Chilwane	02/0446/A	Redistribution	12	The Exco has sold the CPA property. The CPA is no longer in existence.	The Department has sent a compliance letter to the Exco, but they failed to comply. Department tried to convene meetings but the Exco failed to attend.
Nkosi city	18/1562/A	Redistribution	114	The Exco does not convene AGMs and they are not providing reports to the membership.	The Department have sent compliance letter to the Exco to comply but there are no reports that are forthcoming.
Amazing Farmers	05/0800/A	Redistribution	5	No contacts in the file need to be verified.	Members must be traced.
Baka Nkosi	05/0834/A	Restitution	20	Their land is small; they need to be assisted with RDP house and fencing off on the residential area.	Member were advised to approach other departments for required services.
Bakoni Ba Phetla	05/0834/A	Restitution	669	There are disputes between Exco, concern groups and other CPA members.	Department recommended that the CPA be placed the under administration. The matter is still in progress and now there are many applications by a groups/members and concerned individuals.

Tokollo	07/1048/A	Restitution	14	No cooperation from Exco members. Exco not submitting reports. Exco not calling meetings. Membership list updated recently. Planning to go to AGM.	Non-compliance letter has been issued as a reminder. Awaiting AGM notice.
Vuka Uzenzele	18/1572/A	Redistribution	34	No cooperation from Exco members. Exco not submitting report. Exco not calling meetings.	Non-compliance letter has been issued as a reminder.
Champagne	05/0789/A	Restitution	213	RLCC has not transferred title to the community pending excise of the farm and restore title on commercial land while leaving out the Village. Term of office lapsed without elections being called.	RLCC has been alerted to the challenge. Reminder letters have been sent out without any change of heart. The executive Committee claims to hold general meetings, but no reports are generated.
Wales	07/0959/A	Restitution	530	The chairperson is running the operation as a "one man-show." He is the one who negotiated the current lease. Presently he is the only one who knows how much is paid and where it goes.	Moves are underway to subpoena CPA documents to get some idea about what is happening with the lease and the funding. The department has authored emails to Exco. They are not reporting to the department nor the community at large.
Injaka Waterval	13/1360/A	Restitution	860	This CPA has never had an elective AGM after registration. The leadership is still the same. The chairperson is reshuffling the Exco without proper AGM. Only the chairperson is benefiting. There are no generated reports sent to the Department.	Compliance letters were sent to Exco including a checklist of required documents. The department together with aggrieved CPA members have planned to call a community meeting.
Mawewe	14/1387/A	Restitution	3 144	The court ordered elections to be held. The way the elections were held was not in line with the constitution. Contestation over the election of a new executive Committee. On one hand there is the Tribal authority trying to wrestle control and influence over CPA affairs and assets. On the other hand, there is a group of members bent on ensuring that there is separation between the CPA and the tribal authority.	The department has been part of the court case where the protagonists were contesting the case. The position of the department is that fresh elections need to be held.
Mahlangani	07/0968/A	Restitution	350	A mediator was appointed in 2017 to regularize the CPA. The mediator successfully updated the beneficiary list and held a successful AGM. The outgoing Committee refuses to handover reports and vacate the office. The chairperson of the outgoing Committee is still running the CPA with his own family. Rentals to the farm are being paid to the account handled by the chairperson.	The chairperson of previous executive Committee refuses to attend meetings stating that he is the claimant of the farm. There has been an assassination of the chairperson of a concern group. The newly elected chairperson of the CPA was assassinated in 2023 after having appointed an attorney to assist them in taking control of the CPA and rental to be paid into the CPA account.
Nwandlam'harhi	13/1371/A	Restitution	1 439	There are numerous court applications concerning the validity of beneficiaries of the CPA, and Committee members which are pending on court roll. The court granted an order which the department has implemented. Some aspects of implementation are on hold pending ongoing litigation by members.	Request for placing the CPA under judicial administration was granted in July 2023. Awaiting legal services to brief state attorney and appointment of a council.
Magedvula Manzimhlope	14/1382/A	Restitution	149	The farm dwellers and labour tenants alleging that they are being excluded on decision making of the CPA as they are being labelled not genuine members because they are not claimants.	Meeting was held between the National office and Exco. National office and LT/Farm dwellers. Next meeting will be with both parties.

**TABLE 3: List of CPAs that will never be compliant in their nature 2022/23.**

CPA Name	Reg No.	Programme	Members/Beneficiaries	Extend of Land	Reason why CPA will not Comply	Interventions/Recommendation
Langverwacht	98/0099/A	Redistribution	43	5 616.28	The CPA land was sold by 38 members of the CPA. 5 members want to reverse the sale.	A lawyer was appointed to mediate but the matter did not move because he was appointed under Nkosi Seabelo and their mandate was terminated. Solution will be de-registration.
Bassonsdrift	10/1246/A	Restitution	52	11.0012	The land is too small and there is no economic activity happening on the farm.	Waiting for restitution to settle the outstanding claim and purchase other farms.
Wit Aar	16/1484/A	Restitution	295	12 926.62	The CPA does not have land.	Restitution to transfer land to the CPA.
Doornvlei	98/0101/A	Redistribution	25		Members took a resolution to sell the land to the neighboring mine.	CPA needs to be deregistered.
Ganghae	18/1568/A	Restitution	100	0	The land has not been transferred to the CPA.	RLCC still busy with the claim.
Tlhakwana tsa Pudi	09/1230/A	Redistribution	35	0	The members opted for financial compensation due to not finding alternative land.	The CPA needs to be deregistered.
MELKKRAAL	07/0960/A	Redistribution	28	1 373.0208	CPA holds undivided shares in the land.	Other owners (same family members as the CPA members) of the land are in dispute with beneficiaries of the CPA.

# CONCLUSION

The success of our land reform rests on the new landowners in the form of Communal Property Associations and other types of land holders optimally using that land to uplift themselves economically. We have seen some CPAs that are improving the lives of their members and we need to multiply their numbers.
